Jo-Anne Bushey, Member

Gloria Kelly-Alternate
Jodie Mosher Towle-Alternate

Next Meeting Date: *WEDNESDAY*, _____, at 6:00 PM

Applications due:

(Two weeks prior to meeting date) *WEDNESDAY*, _____

ATTENTION APPLICANTS' IMPORTANT INFORMATION:

- **Application Fee will be determined by the following: \$.75 per square foot (\$75.00 minimum fee).** This does not include seasonal docks. This fee shall be for the exclusive purpose of retaining technical or professional expertise to assist the Planning board in reviewing the application. **After the fact Shore Land Zoning Applications will be charged a DOUBLE PERMIT FEE**
- The Planning Board meets the **second Wednesday of each month** to review completed written applications for permits for construction in the Shore Land Zones and for all Commercial Businesses, Mobile Home Parks, and/or Subdivision Developments. Applications must be submitted **two weeks prior to the meeting date.**
- Accessory structures, seasonal docks, some repairs, or timber activity may only need Code Enforcement approval rather than a full board review. **Contacting the Code Enforcement Officer is required to apply to the Planning Board** to schedule a pre-construction/activity inspection at a mutually convenient time to assess setback distances and other ordinance requirements. This is often necessary prior to board decisions regarding structures that are currently located less than 100 feet from the high-water mark.
- Due to limited time, the Planning Board will not review or discuss additional applications or unexpected inquiries after the agenda has been established. These requests will be deferred until the next meeting.
- Code Enforcement Officer and/or the Planning Board must receive a separate form in writing for each inquiry or application for construction for review. **No verbal inquiries are accepted.** Applicants should review the Smithfield Ordinances to assure that their plans conform to all applicable requirements. Copies are available at the Town Office for purchase.
- Lot Owners should be present during the Planning Board meeting to answer any questions pertaining to this application. If owners or their representatives are not present and the board is unable to make a clear determination, the application may be tabled until the next regular meeting.

- Setbacks from flood elevations (if applicable)
- For construction within 100' of a resource, please show the 25', 75', and 100' setback distances from the water.

Smithfield Shore Land Zoning Application

Building Permits do not include Plumbing or Septic permits!

- Permits shall expire one year from the date of issuance if a substantial start is not made in construction or the use of the property during that period. If a substantial start is made within one year of the issuance of the permit, the applicant shall have one additional year to complete the project, at which time the permit will expire.

- I certify that all the information given in this application is accurate. All proposed uses and work shall be in conformance with this application and the Ordinances and Regulations of the Town of Smithfield. I further agree to future inspections by the Code Enforcement officer at reasonable hours.
No changes to this proposal may be made without approval from the appropriate authority (PB, CEO, AB, ETC.)

- A properly completed application will be processed in accordance with Section 16: Administration, sub-sections C, D, & E, of the Smithfield Shore Land Zoning Ordinance.
